- Can be locked in the open and closed position
- Ideal for Country Parks, Universities, Schools, Commercial and Industrial sites
- Available in variable width sizes from 6m – 12m
- Varying heights options available 1.9m to

Heavy Duty Double Leaf Height Barrier with lockable swing gate. Lockable Swing Gate available in both single or double gate. Height barrier and gate can both be locked in the open and or shut position to provide different access options for vehicles. This provides additional security, especially in areas where there is a need to restrict access after hours, such as a Country Park with closing times.

This is a very popular option with, shopping centres, train stations, local authorities and public car parks. Manufactured from galvanised steel and painted finish to provide a durable and effective product. Optional extras available such as a painted finish, knocking bar, signage, and root fixed or surface fixed options and optional swing gate to prevent access during closing times

SPECIFICATION

Materials: 120 x 120 x 5mm Steel Box Section

Top Cross Bar: 60 x 60 x 3mm Steel Box Section

Swing Gate: 60 x 60 x 5mm Steel Box Section
